The wind and rain slashing at my window pane  
Lightning's flashing, looks like the sky's gone insane  
And it seems like you have lied again  
And now I'm left with the wind and the rain

Oh, shattered truth, jagged memories heal  
You know it's hard them dreams that just can't come true  
How long's it been since I've known you  
Now the wind and rain is my only truth

Summertime, summertime remembers when you were mine  
And now that's left so far behind  
Can't you see what you've done to my mind  
Now the wind and the rain's forever mine

Hey, yeah, yeah, ain't time shoring it up  
Oh, the year's have made me far too tough  
And when I started to go, I got rough  
Now the wind and the rain is my only love  
I said the wind and the rain is my only love  
You know the wind and the rain is my only love

Wintertime  
memories when you were mine  
Oh, let them shine  
Golden moments lost in time  
Now I hear the grandfather's chime  
The wind and rain's forever mine

The wind and the rain slashing at my window pane  
Seems like you have lied again  
But now I guess that it's just the same  
And I am left with the wind and the rain

Hasn't time shown you enough  
The years have made me far too tough  
But you know where I stood when the going got rough  
The wind and the rain is my only love  
The wind and the rain is all I love

The wind and the rain is all I love  
The wind and the rain is all I love  
The wind and the rain is all I love
