She walked up to me and asked me if I wanted to
dance
She looked kind of fine, so I thought that I might just
take that chance
and when we danced she held me tight
when I walked her home that night
we stood beneath the moon so bright
and she kissed me

The first time I saw her I knew I had to see her again
I knew we was gonna be so much more than just
friends
I didn't know just what to do so I whispered I love you
She said that she loved me too
and she kissed me

She kissed me in a way I've never been kissed before
She kissed me in a way I wanna be kissed forevermore

I knew that she was mine so I gave her all the love that I
had
but I ain't the kinda guy she could take home to meet
her dad
Run with me and I'll make you my bride
She was so happy that she almost cried
Then I pulled her by my side
and she kissed me

whoa whoa whoa whoa whoa

She walked up to me and asked me if I wanted to
dance
She looked kinda fine so thought that I just might take
that chance
I said run with me and I'll make you my bride
She was so happy she almost cried
Then I pulled her by my side
and then she kissed me
and then she kissed me
and then she kissed me
