Here I am baby, right where you found me  
Trying to break these chains that surround me  
If I look a little different, it's because I've changed  
Half-painted pictures are all that remains

I can't let my past mistakes  
Let 'em bring me down  
I ain't waitin' on no angel of mercy  
I've tried my best and I can't help myself

And I'm trapped again  
And I can't get out without losing you  
And I'm trapped again  
Why can't you feel what I'm going through  
I'm trapped again  
I need an answer girl, can't you see  
I'm trapped again  
Come and rescue me

Monday morning came so fast  
What a fool to think that dreams would last  
Close my eyes and it's still so clear  
Remember the night girl, the world disappeared

Can't let the hand of fate  
Let it drag me down  
I can't get no angel of mercy  
I cam to stay but I got swept away

And I'm trapped again

And I can't get out without losing you  
And I'm trapped again  
Why can't you feel what I'm going through  
I'm trapped again  
I need an answer girl, can't you see  
I'm trapped again  
Come and rescue me

Can't let the hand of fate  
Let it drag me down  
I can't get no angel of mercy

I can't stay but I got swept away

And I'm trapped again  
And I can't get out without losing you  
And I'm trapped again  
Why can't you feel what I'm going through  
I'm trapped again  
I need an answer girl, can't you see  
I'm trapped again  
Come and rescue me

And I'm trapped again  
And I can't get out without losing you  
And I'm trapped again  
Why can't you feel what I'm going through  
I'm trapped again
