I woke up last night shaking from a dream,  
For in that dream I died  
My wife rolled over and told me  
That my life would be immortalized

Not in some major motion picture  
Or great american novel you see  
They're gonna make a TV Movie out of me

It's one two three you take the money  
It's as easy as A, B, C  
They're gonna make a TV Movie out of me

They can change my name or they can leave it  
They can change my story too  
Or they can make me black or Chinese  
And do things that I never did do  
They're gonna give my life a whole new ending  
And put me in prime time first-run  
And when it's over what I did there will be what I done

Now I don't want my name in a history book  
Nobody's ever gonna see  
They're gonna make a TV Movie out of me

It's one two three you take the money  
It's as easy as A, B, C  
They're gonna make a TV Movie out of me

Well I'm a shoe-in for a sponsor  
Goodyear blimp and radial wheels  
Somebody had a meeting somewhere  
Somehow somebody made a deal  
I was one of them kinds of stories  
That everybody liked to see  
They're gonna make a TV Movie out of me

Now I don't want no inscription on my grave stone  
No long soliloquy  
They're gonna make a TV movie out of me

It's one two three you take the money

It's as easy as A, B, C  
They're gonna make a TV Movie out of me
