Beat Around The Bush by Barcode

Injustice afloat

A grab by the throat

Free world astray

No news today

2006

A new bag of tricks

Last term success

A world under stress

Office of hate

Action to late

Hunting buddy down

Illiterate clown

Planes going down

In the middle of the town

Reaction delayed

A price must be paid

Daddy's old friends

Chaos prevails

Setting all sails

Daddy's boy

New radical toy

A fool with a button

Self-righteous Mutton

NEW MINDLESS PLOY

SEEK AND DESTROY

Laser guided hope

The Taliban choke

Holiday speech

Fascist priest

A lot of free time

For others a crime
