Have you been lookin' round for another lover
Teasing the girls when they know they got another
I can tell by the way that you're walkin'
You can't disguise in your eyes when you're talkin'
You pull me down every time that you're with me
Talkin' me down is that all that you can give me
I can't see why you wanna be with me
All you can give me is negative energy

The other day when you said that you hated my dress
Who do you think you are telling me I have to undress
I spent all day baby tryna get ready for you
I spend my time doing far too many things for you

You keep doing what you do, it's over boy I'm though
(I'll get back to you boy)
Don't call me baby I'll call you
And you cannot tell me what to do, if I'm not there with
you
(I'm so over you boy)
Don't call me baby I'll call you

I'm gonna find a man who treats me like a lady
I'm gonna find a man who's good in bed baby
I'm feeling strong for the first time maybe
I can feel good without you baby
I've had my time baby playing this part for you
This time is mine and I'm not gonna waste it all on you
And I know this is gonna be good for me
On my own finding my identity

You lost your chance and I know you won't believe that
it's true
You killed our love boy there's nothing here left for you
I cannot be the girl that you want me to be, feelin' free
This time it's all about me

CHORUS

And I'll get back to you baby, cause I'm so over you
baby

Baby don't call me, baby I'll call you
I'll get back to you baby
Baby don't call me I'll call you

CHORUS x 2
