Alright Yâ'all
Long time no see â– good to be back
Host of the finest â– my friend youâ're the best
This town, this bar, lord of my dreams
Start the merry-go-round â– fill me up â– knock me
down
Pouring wine â– serving draught with style
Getting laid by your booze feels great
Master, ruler, drinkslinger, god
Tender you got me by the balls

Canâ' get enough
Wanna get loaded and fucked
Boozt me â– blast me â– fill me up
Smash my pitiful body with â– best youâ've got
As long as you are able to load me â– Iâ'll be your slut

Hey hey hey

Set for sin and Iâ'm playing to win
Hooked at the bar â– Iâ'm a rock â'nâ' roll star
Tender bring them drinks on parade
Ladies help yourselves â– or let me
Let the ritual dance begin
First we get drunk and then we get ill
You can cover all of my needs
Tender you feed my dirtiest deeds

Canâ' get enough
Wanna get loaded and fucked
Boozt me â– blast me â– fill me up
Smash my pitiful body with â– best youâ've got
As long as you are able to load me â– Iâ'll be your slut
