WE DON'T CARE

Why you chose the things that you did
Don't push your attitude in my face
Fuckin' emo hustler, crying all night long
Despite fake tears you're too late

EMO NATION

Nice hair but so depressing
Hardcore devastation

EMO NATION

Fine art of keeping the tension
Hardcore devastation

It's not all bad

Cheer up put a smile on your face
Crying all the time, makes you seem a disgrace
Parents divorced, your girlfriend split
A broken heart in crazy outfit

Is the world gone bad?
Did your dog just die?
Is your dad not your dad?
Did your new girlfriend lie?

HARDCORE DEVASTATION
