Just got my license revoked
Got an idea about who spoke
Pleasure is taken away
Things just ain't going my way

Someone will have to pay for this ordeal
Don't give a fuck I don't care how it feels
Put on your glassjaw and fight

Standing you look like a fool
Looking like there's places you'd rather be
Everything's looking all right
Time's right to put out your light
Boys are in town, and you're our mission
Everything depends on your decision

Someone will have to pay for this ordeal
Don't give a fuck I don't care how it feels
Put on your glassjaw and fight

You say you've got it, but you haven't learned shit
You say it's time to give up, but not yet
I'll show you how to do this shit for real
And add a little of that hardcore feel

Hate is the name of that game
Can't do it all in our name
Barricades built all around
Shut up, just don't make a sound

Someone will have to pay for this ordeal
Don't give a fuck I don't care how it feels
Put on your glassjaw and fight

Just got my license revoked
Got an idea about who spoke
Pleasure is taken away
Things just ain't going my way
