Unity blazing across the pond
Two different nations but a common front
Dedication to the scene, a heartfelt bond
A sure pick for a winner

It's new collaboration
Record set straight

Causes are abundant in a world seeming repugnant
3700 miles is no distance when determined
Waving a flag of true color

Standing up for a true belief

It's a story to be told
Wake up and face it
It's a new collaboration
Record set straight
It's a story to be told
Wake up and face it

No bull, no front
United underground
No bull, no front
