Chino XL.....I Told You So.. Yo

In my direction I'm daring any MC to spit

With DJ Craze on some world champion shit

Engaging in battle more than Xena The Warrior
Princess

Appearing on TV more than trailer trash on programs
on incest

Plus ambidextrous drilling like cheap whores from a
dentist

Legends similar to God's blessed but murderous

This verbalist Chino is raw

But mentally unbalanced like -(Big Pun)- and Snoop

Dogg on a see-saw

scratching by DJ Craze

[Chino XL]

I'm known for sending wannabe thugs into they next
life

Hanging they scalps on my walls

Pirates sailing the high seas battled in many wars

Scars revealing fights to the finish

Opponents disfigured ?!?! is riding with Infamous

DJ extraordinaire soon to be millionaire

Spinning the wax classics masterful in the speakers
thats blasted

Rapping in plastic ship is spin half an Andrew Jackson

And hear DJ Infamous rippin the mixer mad shit

My skills mastered, i've outlasted

You'd think I was from Atlanta how many rappers I've
OutKast-ed

scratching by DJ Infamous

[Chino XL]

Yo yo yo

It's damn near offending me daring to oppose DJ Melo-
D

Top of thermometer bust untouchable like mercury

Be like a Jackson family reunion you'll see so much

plastic surgery
Fuck worms ?!? lie buried to me
Hotter than curry on 92.3, Chino wild out on DJ Rev's CD
DJ Melo-D and Nemesis
cut DJ's lives shorter than that afro on Jada Pinkett
Smith
His skills are authorized; leave other DJ's salty
like that little girl with the umbrella on the Morton's box
Blowing all the spots I trust ya
And Chino don't need a video rental card to +Block+ a
+buster+
Watch out when I got the shotty in my hand
Leave you dead like Will, bet you every chamber we
land
DJ Melo-D spins while Chino rips
Don't even look in our direction like a solar eclipse
Bitch

The Revolution! Starts with one act of defiance
My mic murders mythical as pyramids built by Mians
Or Aztecan warriors huntin you, Chino spit mercilous
You falling down off of the beat like Silk The Shocker
versus
His purses' is being snatched when DJ Rev hits the
wheels
From music it's the closest to how an ass-kicking feels
Or 35 pit-bulls chasing you biting your heels
I got the vocal sickness Kovorkian wouldn't kill
Live or on tapes or reels Rev's revolv'n for real
You need him in your life like Asian women need birth-
control pills
Rappers no frills and get shitted on
"K-Mart Mustard" MC's claiming that they "Grey
Poupon"
It's Rev's track that Lyrical Jesus' on
I survived the plane crash and held the mic with a
prosthesis arm
I harm and play cartoon DJ's like Pokemon
For screaming that they hot when they mixes ain't even
warm

scratching and mixing by DJ Revolution til end
