Never knew a boy like you  
You don't give up  
Wouldn't stop at anything to get my love  
You told me I was everything you're dreaming of  
But I thought you weren't my type  
Now I believe in love at second sight

Got me you got me where you want me  
I'm yours and nothing's gonna stop me  
Got me you got me where you want me  
I'm your girl  
Got me you got me where you want me  
Falling for you you finally caught me  
Got me you got me where you want me  
I'm your girl

Wasted time on boys who did not treat me right  
I can count on your devotion day and night  
I thank God that you finally made me realise  
The only one I need was standing right there waiting  
patiently

Got me you got me where you want me  
I'm yours and nothing's gonna stop me  
Got me you got me where you want me  
I'm your girl  
Got me you got me where you want me  
Falling for you you finally caught me  
Got me you got me where you want me  
I'm your girl

Coz when I look into your eyes..  
Something inside just feels right  
I've never loved a love so real so true and it's all  
because of you!

I thought you weren't my type  
Now I believe in love at second sight..oh

Got me you got me where you want me  
I'm yours and nothing's gonna stop me  
Got me you got me where you want me

I'm your girl  
Got me you got me where you want me  
Falling for you you finally caught me  
Got me you got me where you want me  
I'm your girl
