Can't stop, I'm feeling fly
I made my way to a hot spot on the Lower East Side
Just workin' out to the back beat and the hard bass line
You stood there actin' so cute with a lonely sigh
We started foolin' round and having fun
Suddenly I realise you're tryin' to get my dress undone

Chorus

Hey hey, don't get the wrong idea
Let me try to make it clear
If you're looking for some
I don't do hit and run
Don't jump the way the others do
I won't be jumpin' to bed with you
Get your homework done
I don't do hit and run

I'm no philosophical type
But it seems to me you're only in it for the ride
If you're thinking of me as a quick fix don't waste your
time
Oh yes, I like what I see
But I'm sure not that easy
So if we're foolin' round out on the dance floor
(On the floor)
Don't jump the gun there boy and turn it into something
more

Chorus

Hey hey, don't get the wrong idea
Let me try to make it clear
If you're looking for some
I don't do hit and run
Don't jump the way the others do
I won't be jumpin' to bed with you
Get your homework done
I don't do hit and run

Lemme spell it out in a rhyme for you
I wouldn't do it if you asked me too
It's tight, like a locomotion
I'd be a fool to consider the notion

I'll pass, to doin' it
To get my body and usin' it
So if it's love you wanna get
You better show me some respect, boy

I don't do hit and run
I don't do hit and run
I don't do hit and run
I don't do hit and run, yeah

So if we're fooling round out on the dance floor
(On the floor)
Don't jump the gun there boy and turn it into something
more

Chorus
Hey hey, don't get the wrong idea
Let me try to make it clear (clear)
If you're looking for some
I don't do hit and run
(Don't do hit and run)
Don't jump the way the others do
(Others do)
I won't be jumpin' to bed with you
(Hey)
Get your homework done
(Yeah, yeah-yay)
I don't do hit and run

Hey hey, don't get the wrong idea
Let me try to make it clear
If you're looking for some
(Hit 'n' run, oooh)
I don't do hit and run
Don't jump the way the others do
I won't be jumpin' to bed with you
Get your homework done
I don't do hit and run

I don't do hit and run
I don't do hit and run
I don't do hit and run
I don't do hit and run
