This is a wakeup  
It's everything you've done  
So go and prove yourself wrong

This is the shakeup  
And this has left us torn  
Our nights are better spent alone

So don't forget to  
Take your medication  
'Cause I'm your medic no more

I hope you know I'm so fragiiiiiiiiiiiiiiiiiiiile  
(She said, "I don't know what I want,  
But you were such a great fresh start")

Is this how breakups  
Are supposed to be done?  
'Cause we don't feel better at allllllllll

So stop calling me  
(Stop wanting me)  
For just a little more love  
(And all this confusion)  
If you can't love me in full

I hope you know I'm so fragiiiiiiiiiiiiiiiiiiiile  
(She said, "I don't know what I want,  
But you were such a great fresh start")

You can't fake all this wet makeuuuuuuup  
(She said, "I love you, but can't decide;  
What I want now is what I can't find")

"What I want now is what I can't find"

So tie your organs at half-mast 'cause we're sinking  
And go and make your decision 'cause I'm waiting

I hope you know I'm so fragiiiiiiiiiiiiiiiiiiiile  
(She said, "I don't know what I want,  
But you were such a great fresh start")

You can't fake all this wet makeuuuuuup  
(She said, "I love you, but can't decide;  
What I want now is what I can't find")  
So go make your sweet decisiooooooon  
(She said, "I love you, but can't decide;  
What I want now is what I can't find")

This is a wakeup  
It's everything you've loved  
So I hope you prove yourself wrong
