Anadonia has captured Steve
First let me tell you about the disease
Its the inability to enjoy yourself
No matter where you are and no matter your wealth

When he's walking down the beach
Hes obsessed with death
He did alot of drugs
To relieve the stress
When he trys to masturbate
He just cant seem to concentrate

Then he met a girl named Anadonia
At the screening of "A TEXAS CHAINSAW MASSACRE"
He new it had something to do with synchronicity
The fact that trouble always seemed to follow him

He asked her what she did-
She was unemployed
He asked her what she read

Her mind was void
He asked her about music
She said she hated it
He asked her what she wants from life
She said a pierced clit

A N A D O N I A

So finally Steve didnt have a frown upon his face
He met the women of his dreams and shes a mental
case
Opposites attract is what is usually said
But Anadonia and Steve are one in the same

He asked her for her hand
"What for" she bitched
He needed someone to share his worries with
She said "NO"
A gun went to his head
The only cure for anadonia is ANADONIA
