Hot increased  
Makes legs spread  
Oh, touch this barbed baobab  
Eager to shoot in sight

My friend you've been waiting for  
Oh, soon to be exploding  
Awakened for all day long  
Highborn, solid meat rig

The bitch stays dry  
I'm sky-high  
Sick and gone  
Off own head

Soon she lies dead  
I'm king in her bed  
Going for a ride  
Runnig deep to hide

A fixed smile on her lips  
Awaiting a cold stream of me  
Oh, soon to be exploding  
Dangerous, non-stop growing

Darling, be ready  
For the adhesive shower  
Falling down on you  
... down on you
