turn me loose its now or never
feel like i could run forever
a new days come - a new moon's risin
i'll take my chances on the blue horizon
just a leap of faith - a shot of spirit
freedom's calling i can hear it
hold on tight were gonna get there
this time were on our way

it aint over yet - you can lay your bet
now nothings in my way you aint seen nothing yet
i have learnt to fly - and hold my head up high
theres something i dont want you to forget
it aint over yet - it aint over yet

i was born to run - born to ramble
any price is worth the gamble
sometimes i get the urge to wander
cuz im a child of the wild blue yonder
its in our hands - the skies the limit
the race is on - we have to win it
hold on tight were gonna get there
its time were on our way

it aint over yet - you can lay your bet
now nothings in my way you aint seen nothing yet
i have learnt to fly - and hold my head up high
theres something i dont want you to forget
it aint over yet - it aint over yet

how ya gonna know if you've got what it takes
you can't be a winner if you don't run the race
you know you get nothing if ya come second place
cuz it aint over - until its over

oh - it aint over yet - you can lay your bet
now nothings in my way you aint seen nothing yet
i have learnt to fly - and hold my head up high
theres something i dont want you to forget
it aint over yet - it aint over yet
ooh - nothings in my way you aint seen nothing yet

i have learnt to fly - and hold my head up high
theres something i dont want you to forget
it aint over yet - no - it aint over yet - it aint over yet
