Wild thing
I think I love you
Wild thing
I wanna know for sure
Wild thing
C'mon hold me tight
Wild thing
I love you
C'mon...

Wild thing
You make my heart sing
You make everything groovy
Wild thing

Wild thing
I think I love you
But I wanna know for sure
C'mon on, hold me tight
I love you

Wild thing
I think you move me
But I wanna know for sure
C'mon... c'mon

Wild thing
You make my heart sing
You make everything groovy
C'mon...
Wild thing

Hey... wild thing
I think I love you
But I wanna know for sure
C'mon now, hold me tight
I love you

Wild thing
I think you move me
But I wanna know for sure

C'mon baby... c'mon

Wild thing
You make my heart sing
Yeah, you make everything groovy
C'mon...
Wild thing

Wild thing
I think I love you
Wild thing
But I wanna know for sure
Wild thing
Hold me tight
Wild thing
C'mon...

Wild thing
You make my heart sing
You make everything groovy
Wild thing

C'mon c'mon wild thing
C'mon c'mon wild thing
Shake shake wild thing
C'mon c'mon wild thing

Wild thing
C'mon c'mon wild thing
Wild thing

Wild thing I think I love you...
