"A Little Love"

Some people walk the straight and narrow, some walk
the rocky road
Some get the silver spoon and some get the heavy
load
There's a man in a paper box, he smiles whenever we
walk by
We just walk a little faster and say
"There but for the crazy of God go I"

Just a little love
Just a little love
A little love can change it all

Well, I've been up and down this highway and I ain't
seen a road sign yet
It's cold hard world baby, you gotta hang on to what
you get
Well, I don't believe in miracles but that don't mean
they don't come true
Well, I may not get to Heaven
But I get a little closer when I'm with you

Just a little love
Just a little love
A little love can change it all

Well, I get a little tired walkin' down the street
People on my side, everyone I meet
But they don't know what's on my mind
And they don't know that they might find

A little love
Just a little love
Just a little love can change it all

Right when you think you don't need love is when you
need it most
Even if you got the father, the son and the holy ghost
Well, there's more to truth baby than what we know is
true
Yeah we wonder round in the darkness
But every now and then a little shines through

Just a little love
Just a little love
A little love can change it all
A little love can change it all
A little love can change it all
