So, I am in the twilight of my youth  
Not that I'm going to remember  
Have you seen the moon tonight, is it full?  
Still burning it's embers  
The people dancing in the corner  
They seem happy, but I am sad  
I am still dancing in the coma of the drinks I just had  
Does anybody wanna take me home?  
Does anybody wanna take me home?  
Take me to your house and I'll leave you alone  
Of course I will, of course I won't  
It seems so tragic, but it disappears like magic  
Like magic  
Like magic

Can you recommend an education or drugs  
Because I'm bored with you already  
I'm on Broadway and I think it's a parade  
I'm covered in pieces of confetti  
And I am in the twilight of my youth  
Not that I'm going to remember

Dancing and slowly and finding the truth  
And it covered in coma  
All these people in my life, they seem so in love  
Well, I am not  
Memorizing my shoes in a cigarette shop  
Does anybody wanna take me home?  
Does anybody wanna take me home?  
I'm kinda lonely, will you take me home?  
Of course you will, of course you won't  
Of course I'm crass, it seems so tragic  
Of course you will, of course you won't  
But I'll disappear, I'll disappear  
Just like magic  
Just like magic  
Just like magic
