I've been down, I've been beat  
I've been so tired, I could not speak  
I've been so lost and I could not see  
I wanted things that were out of reach

Then I found you and you helped me through  
Yeah, you showed me what to do  
And that's why, I'm comin' back to you, yeah

Like a star that guides a ship across the ocean  
That's how your love will take me home, back to you  
And if I wish upon that star someday I'll be where you  
are  
And I know that day is coming soon, yeah, I'm coming  
back to you

You've been alone but you did not show it  
You've been in pain but I did not know it  
Let me do what I needed to  
You were there when I needed you

Might've let you down, might've messed you 'round  
But you never changed your point of view  
And that's why I'm comin' back to you, yeah

Like a star that guides a ship across the ocean  
That's how your love will take me home, back to you  
And if I wish upon that star someday I'll be where you  
are  
And I know that day is coming soon, yeah, I'm coming  
back to you

Might've let you down, might've messed you 'round  
But you never changed your point of view  
And that's why I'm comin' back to you, yeah

Like a star that guides your ship across the ocean  
That's how your love will take me home, back to you  
And if I wish upon that star someday I'll be where you  
are  
And I know that day is coming soon, oh, I'm coming  
back to you

I'm coming back to you  
I'm coming back to you  
I'm coming back to you  
That day is coming soon  
I'm coming back to you, yeah  
Back to you
