I had a dream-of the wide open prarie.
I had a dream-of the the pale morning sky.
I had a dream-that we flew on golden wing.
And we were the same-just the same-you and I.

Follow your heart-little child of the west wind
Follow the voice-that's calling you home
Follow your dreams-but always, remember me

(Chorus)
We are like birds of a feather
We are two hearts joined together
We will be forever as one
My brother under the sun

Wherever you hear-the wind in the canyon
Wherever you see-the buffalo run
Wherever you go-I'll be there beside you
Cuz you are my brother-my brother under the sun

(Chorus)
