I can't believe this moment's come  
It's so incredible that we're alone  
There's so much to be said and done  
It's impossible not to be overcome  
Will you forgive me if I feel this way  
Cuz we've just met - tell me that's OK  
So take this feeling 'n make it grow  
Never let it - never let it go  
(Don't let go of the things you believe in)  
You give me something that I can believe in  
(Don't let go of this moment in time)  
Go of this moment in time  
(Don't let go of things that you're feeling)  
I can't explain the things that I'm feeling  
(Don't let go)  
No, I won't let go

Now would you mind if I bared my soul  
If I came right out and said you're beautiful  
Cuz there's something here I can't explain  
I feel I'm diving into driving rain  
You get my senses running wild  
I can't resist your sweet, sweet smile  
So take this feeling 'n make it grow  
Never let it - never let it go

[Chorus:]  
I've been waiting all my life  
To make this moment feel so right  
The feel of you just fills the night  
So c'mon - just hold on tight
