I've been around, I've seen some things
I drank champagne by the Seine
And I know 'bout the pleasure it brings
I've been around the world but that ain't enough
'Cause you've gotta be with someone special
'Cause being alone is kind of tough

When it's Friday night in London City
From Leicester Square right down to Chelsea
There's parties happening everywhere
But it don't feel the same without you

Everything would be so easy
If you could be right here with me
Don't wanna be all by myself
At 12 o'clock on Friday night in London

I've been here and there, I've been everywhere
I've seen everything that's to see
But it's true that it never compares
To being at home, as long as you're not alone
'Cause you've gotta be with someone special
Instead of being on your own

When it's Friday night in London City
From Leicester Square right down to Chelsea
There's parties happening everywhere
But it don't feel the same without you

Everything would be so easy
If you could be right here with me
Don't wanna be all by myself
At 12 o'clock on Friday night in London

I've been 'round the world but that ain't enough
'Cause you've gotta be with someone special
Instead of being on your own
And all you need is a little love

When it's Friday night in London City
From Leicester Square right down to Chelsea
There's parties happening everywhere

But it don't feel the same without you

Everything would be so easy
If you could be right here with me
Don't wanna be all by myself
At 12 o'clock on Friday night in London

Where the hell do I find love
At 12 o'clock on Friday night in London? London
