Drove all night from New York City
In your best friend's car
Knocked on my door about five thirty
Nursin' a broken heart

Still got your keys in your back pocket
Still got your jacket on
Back door's open baby, I don't lock it
We can leave anytime we want

I got my motor runnin', fingers drummin'
I never planned to stay

Getaway, you know it's now or never
Getaway, nobody lives forever
We're only waitin' just to make our getaway

Hey baby we were good together
Seemed like you'd always be my girl
But lookin' back now we were just too clever
Thinkin' love would change the world

You know there's no point in waitin', hesitatin'
We gotta leave today

Getaway, you know it's now or never
Getaway, nobody lives forever
We're only waitin' just to make our getaway
Aah, getaway now

Yeah, I got my motor runnin', fingers drummin'
I never planned to stay

Getaway, you know it's now or never
Getaway, nobody lives forever
We're only waitin' just to make our getaway
Yeah, what you say, yeah

Getaway, nobody lives forever
Getaway, you know its now or never
We're only waitin' just to make our getaway, ha aah
yeah

We're only waitin' just to make our getaway, aah yeah
We're only waitin' just to make our getaway
Getaway now, gotta keep on rollin', oh yeah
We're tryin' to getaway now
