turn me loose its now or never  
feel like i could run forever  
a new days come - a new moon's risin  
i'll take my chances on the blue horizon  
just a leap of faith - a shot of spirit  
freedom's calling i can hear it  
hold on tight were gonna get there  
this time were on our way

it aint over yet - you can lay your bet  
now nothings in my way you aint seen nothing yet  
i have learnt to fly - and hold my head up high  
theres something i dont want you to forget  
it aint over yet - it aint over yet

i was born to run - born to ramble  
any price is worth the gamble  
sometimes i get the urge to wander  
cuz im a child of the wild blue yonder  
its in our hands - the skies the limit  
the race is on - we have to win it  
hold on tight were gonna get there  
its time were on our way

it aint over yet - you can lay your bet  
now nothings in my way you aint seen nothing yet  
i have learnt to fly - and hold my head up high  
theres something i dont want you to forget  
it aint over yet - it aint over yet

how ya gonna know if you've got what it takes  
you can't be a winner if you don't run the race  
you know you get nothing if ya come second place  
cuz it aint over - until its over

oh - it aint over yet - you can lay your bet  
now nothings in my way you aint seen nothing yet  
i have learnt to fly - and hold my head up high  
theres something i dont want you to forget  
it aint over yet - it aint over yet  
ooh - nothings in my way you aint seen nothing yet  
i have learnt to fly - and hold my head up high

theres something i dont want you to forget  
it aint over yet - no - it aint over yet - it aint over yet
