You're with me tonight
Laying side to side
We've got a chance to see heaven
Turn down the lights and put on some sweet music
You've got those bedroom eyes
That always take me by surprise
I'm not gonna undress you, tonight
Do it yourself and lets get started

Tonight, let's lay in on down
Let me whisper what I'm gonna do
Wanna love you like nobody ever done
I wanna go all the way, babe all the way
I wanna get to the bottom deep
Wanna hit that special spot
Until you scream out loud, stop!!

Let's turn this heaven to hell
Don't wanna do it right, wanna do it well

Let's go all night, 'till the morning comes
Skin to skin, mouth to mouth, in with everything
Don't say anything, lets our body speak
Let it sound so right, and seem so wrong
Let it hurt so good, yea, let it hurt so good
Oh, can you feel it babe, feel the fire
Burning up, your needs and desires

Let's prove, I'm all you'll ever need
Make you see, I'm all you'll ever want
And the only one you'll ever wanna love
Let's awake your soul, make it come alive
Sweat dripping over our wet bodies
rediscovering you, all night long
There ain't a place else I'd rather be
