Can you lay your life down so a stranger can live
Can you take what you need but take less than you give
Could you close every day without the glory and fame
Could you hold your head high when no-one knows
your name
That's how legends are made
At least that's what they say

We say goodbye but never let go
We live we die, cos you can't save every soul
Gotta take every chance to
Show that you're the kinda man who
Will never look back, never look down and never let go

Can you lose everything you ever had planned
Can you sit down again and play another hand
Could you risk everything for the chance of being alone
Under pressure find the grace, or would you come
undone
That's how legends are made

At least that's what they say

We say goodbye but never let go
We live we die, cos you can't save every soul
Gotta take every chance to
Show that you're the kinda man who
Will never look back, never look down and never let go

Never let go
Never let go
Never let go

Gotta take every chance to
Show that you're the kinda man who
Will never look back, never look down and never let go

We say goodbye but never let go
We live we die, cos you can't save every soul
Gotta take every chance to
Show that you're the kinda man who
Will never look back, never look down and never let go

Will never look back, never look down and never let go
Never let go
