She's got a way of getting inside your soul
She'd breach the walls of Jericho
Make you fall like virgin snow

She's got a smile, makes you forget the things
You're only just thinking about
It kind of turns me inside out
And if I try to conceal, she's got a way to reveal

I feel so naked, I feel so totally exposed
It's such a mystery, how she seems to know, every part
of me
I feel so shaken, it's like everybody knows
Whenever she touches me, like no one else, feel as
much as me
Yeah, she's got a way

And she's got a way of taming the wild in me
With patience and serenity
I'm drowning in her reverie
And I can't run away she's got a way to make me stay

I feel so naked, I feel so totally exposed
It's such a mystery, how she seems to know, every part
of me
Hey, I feel so shaken, it's like everybody knows
Whenever she touches me, no one else can feel as
much as me
Oh, 'cause she's got a way

Oh, she comes to me like rain falls down my window
And sure as night will follow day, I'll surrender
She's got a way

I feel so naked, I feel so totally exposed
It's such a mystery, how she seems to know every part
of me
I feel so shaken, I'm shaking, it's like everybody knows
Whenever she touches me, no one else can feel as
much as me, no
'Cause she's got a way, she's got a way

Such a mystery, she seem to know, every part of me
Oh, she's got a way, she's got a way
Oh, oh, oh, she's got a way
