We found our strength  
We found our way at last  
We found tomorrow  
By building on our past  
We paid our dues  
We stick together  
Come whatever

We're still standin'  
Didn't fall to pieces  
Never lost our reason  
Never stopped believin'

We found our wings  
And now  
We fly above the wind  
You and me  
We found  
What we're looking for

We gave it all  
Gave our very best  
With every fall  
We withstood the test  
We broke the rules  
Had to do it  
To get thru it

We found our wings  
Together  
We found everything  
You and me  
We found  
What we're looking for  
You made me shine  
Picked me up  
When i fell behind  
With you  
I never need  
To search no more

We're still standin'

Didn't fall to pieces  
Never lost our reason  
Never stopped believin'  
Ah, never stopped  
Believin'

We found our wings  
And together  
We found everything  
You and me  
We found  
What we're looking for  
You made me shine  
Picked me up  
When i fell behind  
With you  
I never need  
To search no more  
You and me  
We found  
What we were looking for
