Hold on  
I'll be back for you  
It won't be long  
But for now there's something else  
That's calling me  
So take me down a lonesome road  
Point me east and let me go  
That suitcase weighs me down  
With memories

I just wanna be the one you run to  
I just wanna be the one you come to  
I just wanna be there for someone  
When the night comes  
Let's put all the cares behind us  
And go where they'll never find us  
I just wanna be there beside you  
When the night comes  
When the night comes

Two spirits in the night  
That can leave before the morning light  
When there's nothing left to lose  
And nothing left to fear  
So meet me on the edge of town  
Won't keep you waiting I'll be 'round  
Then you and I  
We'll just roll right out of here

I just wanna be the one you run to  
I just wanna be the one you come to  
I just wanna be there for someone  
When the night comes  
Let's put all the cares behind us  
And go where they'll never find us  
I just wanna be there beside you  
When the night comes  
When the night comes

I know there'll be a time for you and I  
Just take my hand and run away

Think of all the pieces of the shattered dream  
We're gonna make it out some day  
We'll be coming back  
Coming back to stay  
When the night comes

I wanna be the one you run to  
When the night comes  
To be the one you'd come to  
I wanna be the one you run to  
Ooh  
I just wanna be the one you run to  
Wanna be the one you come to  
I just wanna be there for someone  
When the night comes  
Let's put all the cares behind us  
And go where they'll never find us  
I just wanna be there beside you  
When the night comes  
When the night comes  
Ah ah when the night comes  
When the night rolls down  
Ah ah when the night comes  
I wanna be with you  
Ah ah when the night comes  
Oh ah when the night comes in  
Ah ah oh  
Ah ah when the night comes  
When the night comes  
Ah ah when the night comes  
I wanna be right by your side  
Ah ah when the night comes  
Yes baby  
Ah ah oh  
Don't do that to me woman  
Ah ah oh  
Ever stayed when the night time gets in here  
Ah ah when the night comes  
I wanna rise and up in the  
When the night comes  
Ah ah when the night comes  
Ah ah oh  
Love me
