All of these miles and where I been
All of this time that I've wasted
All of my dreams they're just gone like the wind
Ya - I've got to face it
There's nowhere to go from here
Standin' here cold and shaken
How did I lose my way?
On this long lonely road that I've taken
Now that I've come to the end of the line
Now that I've run out of chances
Everyting I love - has been left behind
And I don't have the answers
Where do I go from here?
Standin' here tired and broken
How do I find my way?
On this long lonely road where I'm goin'
It's gonna be a long lonely road where I'm goin'
I'm gonna get there
