Turn out the lights and close the door
Put your head on the pillow let me keep you warm
I wanna run my hands across your face
Yeah, lyin' beside you still the perfect place
We're still goin' strong, so glad that you came along

Yeah, babe in every way
You're still beautiful to me
I just have to say
You're still beautiful to me
So beautiful baby

Lay back, baby, and close your eyes
Let me do everything your heart desires
When I think of the years makin' love to you
There still ain't nothin' that I'd rather do
Yeah, there's somethin' I can't deny
You sure know how to move this guy

Yeah, babe, in every way
You're still beautiful to me
I just have to say
You're so beautiful to me
Can't ya see, babe?

Yeah, still feels good still runs deep
When you get close, babe, I still get weak
'Cause in these arms is where you belong
We're still goin' strong, so glad that you came along
Hey, babe, you're still number one

Can't you see?
You're still beautiful to me
Yeah you'll always be
So beautiful to me
In every way
You're still beautiful to me

And it still feels good
Still feels good, still runs deep
Lay back, close your eyes
Do everything that your heart desires

It still runs deep, I can't believe my eyes
Its just you and me, you're so, so beautiful to me baby
Lay back, close your eyes
