I never knew it could feel this way  
I never thought you would walk away  
When it was over you called late nights  
And you said "Do you miss me?"

Second thought haunting you at night baby  
Do you regret that you let it go?  
If you doubt what did was right  
You should know

(Chorus)  
That I lied  
When I said I'm over and done with you  
I lied  
When I said it didn't hurt  
I lied

I've got a piece of you in my soul  
I really tried, I was left in cold  
I didn't know it could be this strong  
Now I can't let it go

(Chorus)  
And I lied  
When I said I'm over and done with you  
I lied  
When I said it didn't hurt  
I lied

I lost my course  
And my life's too short to deny  
How much you mean to me  
I'll leave my pride,  
Yeah I'll let it slide  
And I'll let you know

(Chorus)  
That I lied  
When I said I'm over and done with you  
I lied  
When I said it didn't hurt  
I lied

I lied
