[Verse:]

If it wasn't for love, tell me where would we be?
If it wasn't for you, it wouldn't make sense to me
To look up in the sky, It wouldn't make me smile
If it wasn't for you, I wouldn't wanna waste my time

[Bridge:]

And if I had to sleep without dreaming, I'd rather stay
away all night
You're the only one I believe in, you know

[Chorus:]

It doesn't matter where we are, close together - far
apart
I wanna know that every time I look up, you'll be the
same
It's connecting me to you, and no matter what we do
There is no one else I'd rather, there is no one else I'd
rather
Watch the stars with, watch the stars with, watch the
stars with
There is no one else I'd rather watch the stars with

[Verse:]

I really need to know, if you're there tonight
Cause you're the only one, who can turn the wrong to
right
And when my world is falling, you're there before I hit
the ground
Tell my with your eyes, will you stay with me, are you
gonna stick around?

[Bridge:]

And if you had to sleep without dreaming, would you
stay awake all night?
Am I the only one you believe in? Do you know?

[Chorus:]

It doesn't matter where we are, close together - far
apart
I wanna know that every time I look up, you'll be the

same

It's connecting me to you, and no matter what we do
There is no one else I'd rather, there is no one else I'd
rather
Watch the stars with, watch the stars with, watch the
stars with
There is no one else, noooooh

[Bridge:]

Where ever you are, take a look at the stars,
You know that you've got me, know that you've got me
Where ever you are, take a look at the stars,
You know that you've got me, Oooh oooooh.
It doesn't matter where we arereeee, It doesn't matter!

[Chorus:]

It doesn't matter where we are, close together - far
apart
I wanna know that every time I look up, you'll be the
same
It's connecting me to you, and no matter what we do
There is no one else I'd rather, there is no one else I'd
rather
Watch the stars with, watch the stars with, watch the
stars with
There is no one else I'd rather watch the stars with
