Wednesday night and my day is done
I get in the car and head back home
As I drive down the road my mind turns to you
And how you've turned away
Something in your eyes tells me you've found another
I don't know why, it's just a sickening sense in me
But you better realize this guy won't make you happy
'Cause whoever he is
He won't be there to find what's wrong

And if I've ever done something wrong
Show me
I know that one thing's for sure
You're my one and only
One and only
You're my one and only
One and only
You're my one and only

I pull in the drive, your car is gone, long gone
I open the door, emptiness like my heart
This feeling of pain running through my veins is killing
me
Like the pain in you
That you never shared with me

And if I've ever done something wrong
Show me
I know that one thing's for sure
You're my one and only
One and only
You're my one and only
One and only
You're my one and only

And through all the hurt we've caused
I know one thing's for sure
My love for you is far from lost

You're my one and only
One and only
Oh oh, you're my one and only

One and only
You're my one and only
