Versus 1:

The first time I looked into your eyes
I had to realize that you were the one for me
And no one could break us apart
Cause you'll always be in my heart
And baby you know how much I love you
And I'll do anything for you my boo
The things we could if only for one night

Chorus:

If I had only one night
To prove to you
How much I do love you
You'll be surprised at what you see
Baby only you and me yeah
For only one night

Versus 2:

Now that we've come this far
I will never break your heart
You mean the world to me
And now you've helped me see
Only for one night

Chorus:

If I had only one night
To prove to you
How much I do love you
You'll be surprised at what you see
Baby only you and me
For one night(x2)
