You're a bad cat man  
You're a bad cat man yes you are  
You're a bad cat man  
You're so bad I hope you die

You are so bad (x3)  
I hate you so much I hope you die

You're a bad cat man  
How did you get out of your cage?  
You're a bad cat man  
I'm gonna punch you in the face

We have rules that I hope you follow,

If you don't I'll cut you up  
I have friends that have fur and fangs yeah,  
They'll bite of your ugly head

Now, this battle is a storm, absorbing flames of  
butterflies, I make your flesh warm.  
The birds will sing the dirge now of absolute defeat.  
The second evil cat has fallen, dogs consume their  
meat
