Bubbles - The name of love
[fr?n albumet bless]
[kan vara felstavat, submitted by wewspoke]

I know
I'm gonna find my valentine
I know
It's gonna get so much better
Soner or later
Everybody's talking about the birds and bees
Soon as it's hits you're going weak in your knees
Over and over, over my shoulder
Wanna tell the world about it

It's all in the name of Love
It's all in the name of Love
There's no way to fight it
You know you can't hide it
Your heart keeps gets you so excited
The name of Love
It's all in the name of Love
There's no doubt about it
You know we can found it
You want to tell the World about it

Baby
I think about you all the time
oh Maybe
I go between love and crying
Don't say you're lying

Somebody tell me what it's all about
I'm hand over heels I wanna scream and shout
Over and over, over my shoulder
Wanna tell the world about it

It's all in the name of Love
It's all in the name of Love
There's no way to fight it
You know you can't hide it
Your heart keeps gets you so excited

The name of Love
It's all in the name of Love
There's no doubt about it
You know we can found it
You want to tell the World about it

Even if your love's deep hearted
Even if you're broken hearted
Life goes on, that's what they say

It's all in the name of Love
It's all in the name of Love
There's no way to fight it
You know you can't hide it
Your heart keeps gets you so excited
The name of Love
It's all in the name of Love
There's no doubt about it
You know we can found it
You want to tell the World about it

Now that your found it
The name of love
The name of love
The name of love
The name of love
