[CAROLINE] Somewhere - there's gonna be a place for us

[SANDRA] Somewhere

[ALL] When the world's looking down, look what we found.

Somewhere, there's gonna be love enough,
well I know that you're there. Somewhere out there

[HANNAH] Somewhere

[SANDRA] We're walking on ice, we're throwing the dice

Don't turn around, don't let me down
It's up to you and me, it's our destiny
We can make it right, yeah, we gotta hold on tight

[CAROLINE] What can I do,

[CHOIR YENNY&PATRICI;A] What can I do,

[CAROLINE] what can I say,

[CHOIR YENNY&PATRICI;A] what can I say,

[CAROLINE] does it have to be this way

[CAROLINE] What can I do,

[CHOIR YENNY&PATRICI;A] What can I do,

[CAROLINE] what can I say,

[CHOIR YENNY&PATRICI;A] what can I say,

[CAROLINE] does it have to be this way

[CHORUS] Somewhere, there's gonna be a place for us

Somewhere.

When the world's looking down, look what we found.

Somewhere, there's gonna be love enough,
well I know that you're there. Somewhere out there

[PATRICIA] Somewhere

[CAROLINE] I'd walk a thousand miles,
a thousand times, just to be with you,

yes you know it's true
I'll give my heart and soul, everything I own
Just to see you smile, just to stay a while.

[CAROLINE] What can I do,
[CHOIR YENNY&PATRICI;A] What can I do,
[CAROLINE] what can I say,
[CHOIR YENNY&PATRICI;A] what can I say,
[CAROLINE] does it have to be this way
[CAROLINE] What can I do,
[CHOIR YENNY&PATRICI;A] What can I do,
[CAROLINE] what can I say,
[CHOIR YENNY&PATRICI;A] what can I say,
[CAROLINE] does it have to be this way

[CHORUS] Somewhere, there's gonna be a place for
us
Somewhere.
When the world's looking down, look what we found.
Somewhere, there's gonna be love enough,
well I know that you're there. Somewhere out there

[CAROLINE] Somewhere - there's gonna be a place for
us.

[SANDRA] Somewhere

[ALL] When the world's looking down, look what we
found

[CHORUS] Somewhere, there's gonna be a place for
us
Somewhere.
When the world's looking down, look what we found.
Somewhere, there's gonna be love enough,
well I know that you're there. Somewhere out there
