I try to understand but it's complicated
Trying look at things from the other side
Broke my heart and took my love for granted
It's taking me a while for me to find myself

Now I'm free, oh yeah
I'm free, oh hoh
Free to go and party and dance all night
Free to be myself and that's alright
Free, oh yeah

Someone tell the DJ, no slow music (music)
I turn up the bass so I can jump to that beat
Don't tell me that you're sorry, I'll cry if I want to (want to, want to)
Don't you come back, don't you ever step in my way

Now I'm free, oh yeah
I'm free, oh hoh
Free to go and party and dance all night
Free to be myself and that's alright
Free, oh yeah

I try to understand but it's complicated
Trying look at things from the other side
You broke my heart and took my love for granted
It's taking me a while for me to find myself

Middle of the night and it feels so right
Middle of the night, gotta make it right
Middle of the night and it feels so right
Middle of the night, gotta make it right

Free to go and party and dance all night
Free to be myself and that's alright
Free, oh yeah

Free to go and party and dance all night
Free to be myself and that's alright
Free, oh yeah
