By the time you read this letter  
I'll be gone, I won't be back  
By the time you come together  
It all be crystal clear  
I'll be out of here and I

Dont think you like it  
Dont wanna fight it  
On and on, I'm moving on  
Tell me, where did we go wrong?

I need a little sunshine  
To take away the mystery  
I need a little sunshine  
The clouds are hanging over me  
It's plain to see  
What it's got to be  
I need a little sunshine

To set me free, to set me free  
To set me free

By the time you read this letter  
I'll be far away from here  
By the time you get to wonder  
You gonna miss me  
You gonna miss me and I

Dont think you like it  
Dont wanna fight it  
On and on, I'm moving on  
Tell me, where did we go wrong?

I need a little sunshine  
To take away the mystery  
I need a little sunshine  
The clouds are hanging over me  
It's plain to see  
What it's got to be  
I need a little sunshine

By the time you read this letter  
I'll be far away from here  
By the time you start to wonder  
It all be crystal clear  
I'll be out of here  
Gonna miss me, gonna miss me  
I need a little sunshine (you know)

I need a little sunshine  
To take away the mystery  
I need a little sunshine  
The clouds are hanging over me  
It's plain to see  
What it's got to be  
I need a little sunshine

To set me free, to set me free  
To set me free
