Somewhere
There's gonna be a place for us
Somewhere
When the world's looking down
Look what we found
Somewhere
There's gonna be love enough
Well I know that you're there
It's somewhere out there

Somewhere

We're walking on ice
We're throwing the dice
Don't turn around
Don't let me down
It's up to you and me
It's our destiny
Oh, we can make it right
Yeah, we gotta hold on tight

What can I do? (What can I do?)
What can I say? (What can I say?)
Does it have to be this way?
What can I do? (What can I do?)
What can I say? (What can I say?)
Does it have to be this way?

Somewhere, somewhere
There's gonna be a place for us (somewhere a place)
Somewhere (for us)
When the world's looking down
Look what we found
Somewhere, somewhere
There's gonna be love enough (love enough)
Well I know that you're there
It's somewhere out there

Oh, somewhere

I'd walk a thousand miles

A thousand times
Just to be with you
Yes you know it's true
I'd give my heart and soul
Everything I own
Just to see you smile
Just to stay a while

What can I do? (What can I do?)
What can I say? (What can I say?)
Does it have to be this way?
What can I do? (What can I do?)
What can I say? (What can I say?)
Does it have to be this way?

Somewhere, somewhere
There's gonna be a place for us (somewhere a place)
Somewhere (for us)
When the world's looking down
Look what we found
Somewhere, somewhere
There's gonna be love enough (love enough)
Well I know that you're there
It's somewhere out there (it's somewhere)
Somewhere

Oh, somewhere

Somewhere
There's gonna be a place for us
Somewhere
When the world's looking down
Look what we found

Somewhere, somewhere
There's gonna be a place for us (somewhere a place)
Somewhere (for us)
When the world's looking down
Look what we found
Somewhere, somewhere
There's gonna be love enough (love enough)
Well I know that you're there
It's somewhere out there (it's somewhere)

Oh, somewhere
