"X-Mas Time"

One day all the children of the world
Will be as one, have peace and fun
Open up your hearts and look around
Snowflakes falling, Santa's calling
So we sing our song
It's X-mas time
The stars are bright
It's X-mas time
Oh, silent night
Hold my hand we'll make it right
Oh oh oh, this X-mas time
Mamma, Pappa, me and all my friends
We'll be together, come whatever
I'm so happy I can hardly wait
Slaybells ringing, choirboys singing
They're singing our song
It's X-mas time
The stars are bright
It's X-mas time
Oh, silent night
Hold my hand we'll make it right
Oh oh oh, this X-mas time
I am standing by the window
There's snow outside my room
Thought I heard the slaybells ringing
Hope my wishes will come true
Chorus
It's X-mas time
All around the world
It's X-mas time
Every boy and girl
Snowflakes falling over us
Oh oh oh it's X-mas time
