Just get-tin by no feelings or emotions
Night after day just going through the motions
Ain't no hurry going home cause no-body's there
No one to love you no one to care
There was a time when you had some one
But love like time has come and gone

Chorus:

Bad love Lies and misery
Numbs the body and takes control
Bad love Lies and misery
Stills the heart and rapes the soul
Won't let you go
Mis---er-----y Won't let you go

Alone and forgotten you never go any where
Consumed by memories of a love no longer there
Stare at the front door and a phone that never rings
Try not to think about what tomorrow might bring
When you get the courage you'll walk down the hall

Past another lifetime that hangs on the wall

Chorus:

Bad love Lies and misery
Numbs the body and takes control
Bad love Lies and misery
Stills the heart and rapes the soul
Won't let you go
Mis---er-----y Won't let you go

Sleep don't come easy now that no-body's there
No one to hold you no one to care
There was a time when you had some one
But love like time has come and gone

Chorus:

Bad love Lies and misery
Numbs the body and takes control
Bad love Lies and misery
Stills the heart and rapes the soul
Won't let you go

Mis---er-----y WonÂ't let you go
