I'm rolling down the highway got my guitar by my side
Headed down to T-town yeah play some blues tonight
I can feel it, I can feel it in my bones lord lord
You might not wait up baby don't know when this boy is
coming home

Well there's a five-dollar cover and the ladies get in
free
Draft by the pitcher lord and a shot of black for me
I can feel it, I can feel it in my bones lord lord
You know I love my whiskey love to play the blues all
night long

When T-Town gets to rocking and the ladies hit the
floor

You know the way they shack that thing brings me back
for more
I can feel it, I can feel it in my bones lord lord
You know I love the ladies love to play them blues all
night long

I'm rolling down the highway got my guitar by my side
Headed down to T-town yeah play some blues tonight
I can feel it, I can feel it in my bones lord lord
You might not wait up baby don't know when this boy is
coming home

You might not wait up baby don't know when this boy is
coming home
