It's after midnight, the sucker's faded  
Turn out the porch light and feel the frontside  
The cold sweat, the presentation  
The fighting and this head of mine  
Tone deaf and out of place, in another state  
And I'm back on the front line  
We never see you when you're fallen breath left  
hypnotized  
Can't quite deliver it  
So stay with this and you'll feel fine the frontside  
(CHORUS)  
A short life, the face invaders,  
The heartache and my state of mind  
I can't wait to turn out late and get so fucking out of line  
(PRE-CHORUS)  
(CHORUS)  
You take my energy, destiny  
Eat me up cause you're starving lady,  
Starving lady, lady  
Got all your blasphemy, sodomy,  
Beat me up cause you like it baby,

Like it baby, baby

(CHORUS
