Are you strong enough

Do you feel my touch

You are the comfort in my eyes

Moving through the lust

Feeling dangerous

I wanna open the door to your life

(Chorus)

The steps we take on the way to free our minds

And lives have changed by the way we free our minds

And being with you was the moment

I opened my eyes

When you sleep at night

Are your dreams delight

Do all your fantasies fill your head

I want to dance with you

With the midnight moon

Want emotion and do it again

(Chorus)

Breathing in, breathing out your love

Breathing in, breathing out your love

Come in closer now

To this love we found

Are you able to take this flight

It's come do this

The first time we kissed

Like the ocean we sway you and I

(Chorus
