All night long
Yeah, we're going all night long
Here we go all night long
Everybody, all night long, yeah

Are you ready to go all night long?
Make you stop in your tracks
When you're singing our song
A good time coming
Will keep your motor running all day, yeah

You know you like it 'cause you're having fun
And the feet get you moving to the good time strum
The walls come down and you let it all out
Let me hear you say

Yeah, we're going all night long, all night long
Yeah, we're going all night long
Do it anyway you want
And do it all night long

You know you got it when you're having fun
And the rock 'n rolls shaking you under the sun
You scream and you shout, this is what it's all about
It's the only way

You got it started, now we'll tear it up
Got a speaker box pumping, bang your head to the drums
A smile on your face 'cause you found your place
Let me hear you say

Yeah, we're going all night long, all night long
Yeah, we're going all night long
Do it anyway you want
And do it all night long

Do it right, do it all night
Do it for the drum
Whatcha waiting for?

I wanna dig it in the Jailhouse Rock

Wanna feel it from my head rock down to my socks
That's what it means when you're living your dreams
Let me hear you say

Yeah, we're going all night long
All night long
Yeah, we're going all night long
All night long

Yeah, we're going all night long
All night long
Yeah, we're going all night long
Do it anyway you want
And do it all night long

Do it anyway you want
And do it all night long
Do it anyway you want
And do it all night long
