A dangerous obsession
A do or die confession
I won't leave you alone

Standing in the combat zone
Taking you where you belong
You are staring at the seeker of your heart

Right beneath you in the chase
Step a left too much to take
You can't make it there
My back's against the wall
Mark my words, he's gonna fall

A dangerous obsession
A do or die confession
I won't leave you alone

Open up I'm coming in
Got to have you, I came to win
I'm watching you, everywhere you are

Don't look now, no time to waste
The one that's all up in your face
He doesn't want you like the way that I want you
Mark my words, he's gonna fall

A dangerous obsession
A do or die confession
I won't leave you alone

Coming, are you alright?
Your my lifeline, set me free
Coming, are you alive? Yeah

A dangerous obsession
A do or die confession
I, I won't leave you alone

A dangerous obsession
A do or die confession
I, I won't leave you alone

I won't leave you alone
I won't leave you alone
